

What Is Next With America

Be Encouraged:

1. The Lord has led me to read I & II Peter. This is a must read for a NOW moment.
2. Nearly 1/2 of the entire nation DID NOT vote for Hussein Obama. Link with them now and let's fight.
3. Under Nero's demonic reign - the church SPREAD like wild-fire. So will it be under Obama's reign. The American church is going to spread like wild fire.
4. I am seeing a vision of a new mantle of authority coming on the prophets. It is the mantle of Nathan, Joshua & Caleb
5. I am seeing a new era of Christians. They are the Daniels, the Josephs, the Shadrach, Meshach & Abednego's company.
6. I am also getting visions of the "Silence of God." This refers to the moment where Jesus died. He was totally dead and gone for 3 days. His people mourned. Satan's people rejoiced. Then...the Body of Christ rose again on the third day. The body of Christ took an extremely mortal blow on Election Day with Hussein Obama coming into office. We however are not going to stay dead for much longer. The Spirit of God is about to resurrect EVERY fiber of the Body of Christ over this next season.

Under Obama's Campaign:

- a. Deceptive media ploys. The media will make him and his family (Watch what they do to his children) out to be icons of the millennium. His family will do no wrong to the secular media. Jay Leno? What about all the President thrashers of our time? They are now going to turn to republican & and Christian based leaders. You will not find anyone trashing Hussein and his family. Anyone that attempts to will be dealt with legally, taxed, imprisoned, or dealt with illegally. Bottom line: you will be shut-down, just like in the days of Hitler.
- b. Racism will split this country like never before. Muslim vs. Christian. Black vs. white. I am talking about both ways and in every dimension. Don't be shocked if we do not have a war on our own soil!
- c. The backbone of our economy with now even more immigrants (legal & illegal) coming into our nation will not be able to handle the increase. The economy will look great on paper and the media but it is going to unravel at the seams.
- d. Do not be fooled by: Obama's campaign saying "God bless America." It is bogus. He is referring to Muslim god and he works well with deception as you can see.

- e. The spirit of anger & rage will come up like never before on American soil.
- f. Obama's leadership will increase the spirit of the Anti-Christ like never before. It will now have a governing right to attack ANYTHING that is morale and Christ-like. Gone are the days of freedom for the Believer.

What do Christians do now?

- a. Christians, you can no longer go out and about by yourself. You must learn to minister, fellowship, and now work together. Unity in the Body of Christ is an absolute must.
- b. Expect a putting down of certain spiritual strategies that have worked well in the past and expect until 1-20-08 (Hussein's official office date) a picking up and imparting of new spiritual weapons. Get rid of what has not worked in your family, personal life, and church ministry. Get rid of the old and do it fast. We are now moving from a "Jungle war" right into a "desert war". This means new weapons of warfare are a must. Are you feeling different emotions since Election Day? You will. You no longer have a praying president. How will you handle that? You must learn to fight strategically and in a time-sensitive manner. Guard your time well.
- c. Get with your leaders and key people in your life and pray with them. It is time to regroup and re-strategize for these next years.
- d. DO NOT BE SILENT. SHARE YOUR BELIEFS THE MORE. BE AWARE THAT YOU WILL BE ASSAULTED AND ATTACKED IN EVERY WAY IF YOU SPEAK OUT AGAINST THE OBAMA COMPANY.
- e. Start learning how to function out side of the local church. This area will be greatly attacked now. We are moving fast to a place that you will not be able to Worship Jesus freely on Sunday and in a church building. Start learning creative ways to start pulling out of tax-exemptions and the 501c3 system. One day soon in America, you will not be able to have a tax exemption status if you are a born again Believer with a church entity. Figure out now how to produce funds without tax-donations. Learn from China. They are doing well.
- f. Tell Sarah Palin that she rocks! She needs to hear this. Rally behind her. She is mantled for such a time as this.
- g. Get heavily involved in Christian politics. Speak out. Many are currently wearing black as a symbol of mourning for the death for a Godly nation as of the Election Day. Today, my entire family is wearing mourning colors (black) as a symbol of ashes and sackcloth. We are mourning for this nation.
- h. Get out of this country at least once in the near future. Go on a mission trip. This gives you a perspective of what God is really doing globally. If you stay in your little church and your little community for too long, you can easily become very naive to what is really happening out there. Go on a mission trip. I am not just saying that. I mean it. Andy
